

1 Q. Has Newfoundland and Labrador Hydro undertaken any cost benefit analyses of the  
2 replacement of black start at the Holyrood Thermal Generating Station that have  
3 included any direct or indirect costs to the system that can be attributed to the lack  
4 of black start at the Holyrood Thermal Generating Station since 2011? If so, provide  
5 copies of these analyses.

6

7

8 A. As stated in Hydro's response to CA-NLH-004, there has only been one requirement  
9 for blackstart functionality at Holyrood since 2011. Hydro has not performed a cost  
10 benefit analysis of the replacement of blackstart at the Holyrood Thermal  
11 Generating Station that has included any analysis attributable to this instance.
