

1 Q. The AMEC report, at page 41 of 231, sets out in a listing the dates of last  
2 combustion system inspection/overhaul (2009) and the recommended next major  
3 overhaul/inspection/refurbish/replace (2012/2013). Provide documentation  
4 showing the dates of any combustion system inspections and/or overhauls after  
5 2009 and agree this information, with explanations, to the recommendation of  
6 AMEC.

7

8

9 A. There was a combustion system inspection performed by Rolls Wood in November  
10 2010. The inspection report is attached as Appendix 12 to NP-NLH-022 Rev. 1,  
11 Attachment 1. There were no inspections and/or overhauls conducted subsequent  
12 to the issuance of the 2011 AMEC report.
