

1 Q. In response to PUB-NLH-081 from the Island Interconnected System Supply Issues
2 and Power Outages Review, Hydro stated that:

3 *However, it was shown that during the events experienced*
4 *on January 11, 2013, the HWDGT black start contingency*
5 *plan was inadequate, due to its reliance on the Avalon*
6 *transmission system.*

7 Why was no action taken at that time to ensure adequate black start for Holyrood?

8 Include in the response documentation that illustrates a recognition that the
9 Holyrood plant could be without black start capability.
