

1 Q. According to Appendix E, Hydro has been involved in nighttime arrival or departures
2 of tankers. Given same, why does Hydro state at Page 18 that “Improvements to
3 the lighting system could also create the opportunity for night time arrival and
4 departure...”?

5

6

7 A. APA pilots ultimately decide whether conditions are suitable for tanker berthing.
8 Currently, until terminal lighting is upgraded, pilots will only berth a tanker in
9 daylight.
