Subject: RE: NLH - 2015 Interim Rates Application

Dear Ms. Blundon,

We advise that the Island Industrial Customers Group, other than affirming their February 23, 2015 submissions and subject to the comment below, do not intend to make any further submissions on the Interim Rates Application.

We have noted that the Board has granted Hydro's request to make a Reply Submission by March 23, 2015. The Island Industrial Customers Group respectfully reserve their right to seek the leave of the Board to comment on the Reply Submission, should it depart in a material way from Hydro's previous submissions on the proposed interim rates.

Regards,

Paul L. Coxworthy
