

1 Q. Page 5, footnote 18: Hydro is proposing that \$100,000 from the segregated load
2 variation component of the RSP be applied to the Labrador Interconnected System
3 for its share of the 2014 net income deficiency. Provide an explanation for this
4 proposal given that the Labrador Interconnected customers do not participate in
5 the RSP.

6

7

8 A. Please see Hydro's response to TIR-PUB-NLH-001, Section 2.0.
