

IR-NP-NLH-002
NLH 2013 Interim Rates Application

Page 1 of 1

1 Q. Please indicate the number of rate changes for Newfoundland Power that Hydro
2 currently forecasts for 2014.

3

4

5 A. The following rate changes could occur for Newfoundland Power in 2014 as a result
6 of changes in Hydro's wholesale rates, subject to the approval of the Board:

7 • Interim base rates and a revised RSP fuel rider effective January 1, 2014;
8 • Final base rates; and
9 • RSP adjustment effective July 1, 2014.
