1 Q. Since Hydro intends to implement a rate change for the Industrial Customers on
2 July 1, 2014 that will effect the phase-in of changes to rates using the RSP Surplus
3 for the Industrial Customers, what is the latest date of a Board Order that will allow
4 Hydro to implement a rate change to become effective on July 1, 2014? Explain why
5 this date would be acceptable.

8 A. In Hydro's view, a Board Order received by July 25, 2014 will allow Hydro to
9 implement a rate change to become effective on July 1, 2014. The deadline for IC
10 power invoices to be issued is the fifth business day of the following month and
11 therefore a Board Order received by July 25, 2014 is acceptable.
