

1 Q. (Hydro Reply Evidence dated August 7, 2015) On page 15 (lines 3 to 5), Hydro states  
2 *“the development of this figure includes \$824,000 related to actual Transformer*  
3 *Transportation Costs which were not included in the 2014 test year revenue*  
4 *requirement and for which Hydro has not sought recovery from ratepayers”*. Why  
5 has Hydro not sought recovery of these costs from ratepayers?

6

7

8 A. Hydro’s 2014 Revenue Deficiency was calculated using the 2014 Test Year revenue  
9 requirement, which included five months of actuals and seven months of forecast.  
10 The costs noted in the question above were not forecast in the 2014 Test Year or  
11 the corresponding 2014 Revenue Deficiency.
