

1 Q. (Hydro Reply Evidence dated August 7, 2015, Section 10, Black Start) Please confirm
2 that the need for the diesel plant was premised on the potential for an outage
3 event that has occurred only once in the past 20 years, and that Hydro has since
4 taken steps to avoid a repeat occurrence of this type of outage event (PUB-NLH-23
5 relating to Hydro's Holyrood Blackstart Diesel Units Application).

8 A. Please refer to PR-PUB-NLH-173, Page 2, line 20 to Page 4, line 5, which describes
9 the steps leading to Hydro's application. The diesel plant applied for by Hydro was
10 the least cost solution for meeting the Board's immediate concerns for local black
11 start capability at Holyrood.

13 See also PR-PUB-NLH-173, Pages 1 and 2 for the steps taken by Hydro in 2013 to
14 prevent a repeat occurrence of this type of outage.
