

1 Q. Sunnyside Replacement Equipment: Please provide the estimated and the actual
2 engineering, equipment, material, labor, and commissioning costs incurred for
3 expediting the new 125MVA transformer and other equipment and installing and
4 commissioning the new 125MVA transformer at Holyrood.

5

6

7 A. There were no additional costs incurred to expedite the new 125MVA transformer
8 and other equipment.

9

10 Please refer to Hydro's response to PR-PUB-NLH-030, items a and b in the table for
11 the costs related to the installation and commissioning of the new 125MVA
12 transformer¹ at Holyrood.

¹ Please note that the 230kV transformer referenced in PR-PUB-NLH-030 is the 125MVA transformer referenced in this question.
