

1 **Q. *Re: Tab 5.1 - 2013 Company Building Renovations***

2  
3 **Please provide all maintenance records and expenditures for the past 3 years in**  
4 **relation to the washroom facilities.**

5  
6 A. Newfoundland Power does not have records in sufficient detail to answer this question.  
7 The cost of maintaining washroom facilities at the Kenmount Road building is included  
8 in the building maintenance contracts for multiple buildings in the St. John's area.<sup>1</sup> This  
9 arrangement does not allow for determining the expenditures specific to the washroom  
10 facilities at the Kenmount Road building.

---

<sup>1</sup> To reduce costs, maintenance contracts for services such as plumbing, electrical, HVAC, and cleaning cover all buildings in St. John's.
