

1 **Q. [ELG] – Please state why the Company elected not to file testimony or a report in**
2 **Newfoundland & Labrador Hydro’s depreciation application that challenged its use**
3 **of the average life group (“ALG”) calculation procedure.**
4

5 A. Newfoundland Power objects to providing the information requested on the grounds that
6 the information request does not comply with the requirements of the *Board of*
7 *Commissioners of Public Utilities Regulations, 1996.*
8

9 The grounds for the objection are that the information request is not relevant to the
10 proceeding, and the information requested is not necessary for the purpose of a
11 satisfactory understanding of the matters to be considered in the proceeding.
