

1 **Q. [Data] – As it relates to the statement that consideration was given to the**
2 **characteristics of other electric utility properties as referenced on page II-32 of the**
3 **Gannett Fleming study, please provide the following:**

4
5 **a. each characteristic referenced by account or subaccount; and**

6
7 **b. the impact that each characteristic had on the determination of either life or**
8 **salvage parameters.**

9
10 **Further, provide all underlying workpapers, assumptions, considerations, material**
11 **reviewed and relied upon corresponding to the response to any subpart above as it**
12 **pertains to each characteristic.**

13
14 **A.** Please refer to *Volume 3, 2010 Depreciation Study*, pages II-31 through pages II-35 and,
15 Appendix B for information supporting the net salvage parameters. Additionally, please
16 refer to the response to Request for Information CA-NP-084 for a discussion of the
17 selection of life and net salvage parameters.
