- 8 **f. the number of miles at retirement, and**
- 9 **g. the condition of the vehicle (e.g. wrecked, excellent condition, etc.) and the**
10 **reason for retirement.**

11
12 **A.** See Attachment A for details on the retirement information available for account 378.3
13 for the past 10 years.

14
15 The Company does not have specific information concerning the condition or mileage of
16 the vehicles that were retired between 2001 and 2010. Vehicles are retired based on
17 guidelines that are submitted with the annual capital budget applications. Based on these
18 guidelines, heavy fleet vehicles that are retired were in excess of 250,000 kilometers
19 and/or were in a deteriorated condition as a result of their age or usage.

20
21 Generally, vehicles are ordered as base models with air-conditioning as an option. The
22 Company does not specify other options.
