

1 **Q. In reply to CA-NP-131 of the last GRA, Newfoundland Power indicated that it had**  
2 **43 vehicles in its fleet that were unmarked. Please provide Table 1 to CA-NP-131**  
3 **together with an updated table.**  
4

5 A. Newfoundland Power currently has 41 vehicles in its fleet that are unmarked. Unmarked  
6 vehicles are assigned to individuals who must be available to respond quickly to  
7 operational, business-related or customer issues outside normal working hours, and who  
8 require a vehicle for that purpose. Some members of senior management are also  
9 provided with an unmarked vehicle as part of their overall employment benefits package.

10  
11 Table 1 provides the listing of unmarked Company vehicles and the classifications of  
12 employees to whom those vehicles were assigned, as provided in the response to Request  
13 for Information CA-NP-131 in the 2010 GRA.  
14

15 Table 2 provides a current listing of unmarked Company vehicles and the classifications  
16 of employees to whom these vehicles are assigned.
