1Q.As regards Operating Costs by Breakdown, particularly Other Company Fees at2line 20, actual 2010 costs were \$1,692,000 whereas as stated in reply to CA-NP-1353(1st Revision) of the 2010 GRA, the amount forecast was \$1,904,000. Please explain4why this cost was approximately \$200,000 less than forecast.5

A. Actual 2010 costs for Other Company Fees were approximately \$200,000 less than
forecast as litigation that was expected to take place in 2010 with respect to the City of
St. John's notice to terminate Newfoundland Power's lease of water rights in the Mobile
River watershed did not occur in 2010.
