

1 **Q. Further to the reply to CA-NP 165, reliability data are shown for the CEA both with**  
2 **and without significant events. Why are NP data not shown both with and without**  
3 **significant events?**  
4

5 A. The Peer Group Performance Measures Reports provided in response to Request for  
6 Information CA-NP-165 had been filed with the Board in accordance with an annual  
7 reporting requirement initiated by Order No. P.U. 19 (2003). The form of the Peer Group  
8 Performance Measures Reports was agreed upon following consultation with the Board  
9 and the Consumer Advocate.

10  
11 When the effect of significant events is apparent in the presentation of reliability  
12 information in a Peer Group Performance Measures Report, it is Newfoundland Power's  
13 practice to address the matter in the report.<sup>1</sup>  
14

15 Reliability data for the Canadian Electricity Association ("CEA") and Newfoundland  
16 Power for the period 2001 through 2011, both with and without significant events, was  
17 provided in the response to Request for Information CA-NP-143.

---

<sup>1</sup> See, for example, page A-4, Appendix A, *Peer Group Performance Measures for Newfoundland Power, February 14, 2011* provided in Attachment A to the response to Request for Information CA-NP-165.
