

- 1   **Q.   [ELG] – Regarding the presentation in Appendix A under the heading Time**  
2   **Sensitivity of ELG and ALG Procedures as set forth on pages 14 through 16, please**  
3   **provide a detailed narrative identifying what is meant by “constant activity,” as**  
4   **referenced on the bottom of page 13 of Appendix A.**  
5  
6   A.   Please refer to page 13 of Appendix A where it is indicated that “...utility property is  
7   constantly being added and retired. Thus, while ELG depreciation rates change for each  
8   *vintage* of plant as the property ages, each year a new vintage of plant is added and  
9   property from many vintages is retired.”
