1 2	Q.	Written Evidence of James H. Vander Weide – Volume 3
3 4 5		Pg. 35, A102 - Please provide your rationale for your selection of a risk free rate relative to using forecasted future long-term Government of Canada yields.
5 7 8	A.	Dr. Vander Weide used a forecasted long-term Government of Canada yield because a forecasted long-term Canada bond yield has been used in the past by the Board to determine Newfoundland Power's rate of return.
