

1 Q. (Re: October 2014 Evidence submitted as part of Application) It is stated on page 1
2 lines 22 to 23 that Hydro has negotiated a capacity assistance arrangement with
3 CBPP and is having similar discussions with Vale. Please confirm that the other
4 Industrial Customers have indicated that they are not interested in pursuing
5 capacity assistance arrangements.

7

8 A. All Island Industrial Customers were contacted by Hydro to determine their
9 availability for participation in an arrangement for the provision of capacity
10 assistance and discussions were pursued with those customers that could
11 potentially provide capacity assistance. It was determined through these
12 discussions that negotiations for capacity assistance agreements would be pursued
13 with CBPP and Vale.
