

1 **Q. Please provide any contracts made with Hydro in the past year for the supply of any**
2 **power and how NP has been compensated for this supply.**
3

4 A. Newfoundland Power has not entered into contracts with Hydro in the past year for the
5 supply of any power.
6

7 When Newfoundland Power operates its thermal generation at the request of Hydro it is
8 compensated for the cost of fuel burned. In situations similar to the winter of 2013/2014
9 when Hydro requested Newfoundland Power locate its mobile gas turbine at the
10 Holyrood Thermal Generating Station, in addition to the cost for fuel, Hydro also covered
11 the cost for labour and miscellaneous expenses associated with the transport and
12 operation of the mobile gas turbine.
