
1 Q. **Projects over \$200,000 but less than \$500,000**

2 Refurbish Generation Unit, Snook's Arm, page D-49:

3 What is the economic justification for this project in light of the planned infeed?

4

5

6 A. Hydro is seeking approval of a study that will enable it to compare and consider the
7 options of status quo, refurbishment, replacement, or decommissioning so it can
8 evaluate the economic feasibility of Snooks's Arm.
