

1 Q. **Projects over \$200,000 but less than \$500,000**

2 Replace Peripheral Infrastructure, page D-346:

3 Does Hydro have a program or strategy in place for obtaining spares of  
4 equipment in its inventory when the end of contract maintenance/warranties are  
5 approaching?

6

7

8 A. Hydro does not have a program or strategy for obtaining spares of equipment when  
9 the end of the contract maintenance/warranties are approaching. The equipment is  
10 replaced with new equipment having current maintenance/warranties, on an as  
11 needed basis as each device reaches the end of its useful life.
