2 *“...is part of an ongoing program to install AMR systems for all service areas.”*

3 Please provide details on this ongoing program identifying (i) overall program
4 benefits and costs, (ii) the schedule to complete all service areas, including those
5 areas already served with AMR meters and (iii) evidence that the program is
6 consistent with least cost provision of service.

9 A. (i) The results of the cost benefit analysis are provided in Hydro’s response to
10 CA-NLH-073.

11 (ii) Hydro does not presently have a project plan for the implementation of AMR in
12 all service areas as Hydro’s project plans presently align with attrition plans. Please
13 refer to Hydro’s response to CA-NLH-073 for the schedule of projects already
14 completed.

15 (iii) Please see Hydro’s response to CA-NLH-073.
