

1 Q. **Volume III, Tab 35 – Replace Personal Computers**

2 Hydro outlines that the cost of a laptop is approximately \$900.00 more than a
3 desktop (page 2). Given this increase in cost, explain why some of the laptops (144)
4 cannot be replaced with desktops.

5

6

7 A. The laptops cannot be replaced with desktops as the people who use laptops are
8 either mobile workers or the take their laptops home with them to access Hydro's
9 computer systems after hours or on weekends.
