

1 Q. **2015 Capital Plan**

2 RFI IC-NLH-5 filed in Hydro's 2015 Capital Budget Application queried as follows:

3 "Will any of the hydraulic plants on the Island, at some foreseeable time or
4 milestone after full commission of the Post-Isolated Island System, be used
5 to meet commitment or plans of Hydro or of its parent Nalcor) to supply
6 power to be transmitted outside of the Province?"

7 Please update Hydro's response to IC-NLH-5 filed in Hydro's 2015 Capital Budget
8 Application based on information now available to Hydro.

10

11 A. Hydro's hydraulic plants on the Island Interconnected System will continue to have
12 as their primary purpose to meet the demand and energy requirements of Hydro's
13 customers on the Island Interconnected System. Any other use of these facilities to
14 obtain additional value through export sales opportunities would be subject to that
15 use being surplus to Hydro's customer demand and energy requirements.
