

1 Q. **Project C-24: Rehabilitate Shoreline Protection – Cat Arm**

2 With reference to section 2 - “Project Description” filed at page 2 of the Report at
3 Tab 7, Volume II, has Hydro filed applications for and/or received any response with
4 respect to the various approvals and permits required to undertake the subject
5 work?

6
7
8 A. Hydro has not filed applications for and/or received any response with respect to
9 the various approvals and permits required to undertake the rehabilitation of the
10 shoreline protection.

11
12 The submission of the required applications is contingent upon the completion of
13 the detailed design package. Applications will be filed during the first year of the
14 two year project, once the detailed design is completed.
