

1 Q. **Project C-90: Replace MDR 4000 Microwave Radio East - Various Sites**

2 Volume I, Tab C, pages C-90 to C-91. On page 90, Hydro states that the noted
3 microwave radios have been discontinued since 2004 and that Hydro has obtained
4 some components from the used market. Please elaborate the meaning of “used
5 market”.

8 A. The used market refers to purchasing components from companies who are not the
9 original manufacturer. The components may have been in-service before or may
10 have been sourced from a company that had spares it no longer required.
