

- 1 Q. **Project D-2: Upgrade Public Safety around Dams and Waterways - Bay d’Espoir**
2 The Report for this Project at Vol 1, Tab D, refers to both a “Public Safety Risk
3 Assessment” and “Public Safety Audit” with respect to the Granite Canal
4 Development and Granite Reservoir Structures. Please clarify whether a Public
5 Safety Risk Assessment is the same as a Public Safety Audit and, if not, what are the
6 primary differences?
7
8
9 A. A Public Safety Risk Assessment and a Public Safety Audit are the same.
