

1 Q. **General**

2 Has Hydro completed an assessment of its service buildings (regional offices,
3 depots, etc) to confirm that the current locations are still the preferred sites prior to
4 proposing plans for refurbishment and or replacement? If yes, please provide copy
5 of assessment. If no, why not?

6

7

8 A. Hydro has no indicators that current service building locations are inappropriate.

9 Hydro's view is that existing locations are the preferred sites for servicing its

10 infrastructure and customers.
