## Questions for Nalcor, request 7

MHI-Nalcor-125      Nalcor's response to MHI-Nalcor-50 appears to be incomplete. Exhibit CE-45 is to document the escalation indices based on Purchase Price Index weightings for various components of supply. Nalcor has provided the various weights but has not provided the actual escalation rates associated with page one of CE-45. Please re-issue Exhibit CE-45 with the missing information.
