

1 Q. Consumer Question: Further to the preamble outlined in CA/KPL-Nalcor-194, what
2 other parties might be affected by potential changes in the regulation of Churchill
3 Falls water flow? Would the Iron Ore Company of Canada be affected? Would other
4 participants in Twinco be affected?

5

6 A. No other parties, including IOC or other Twinco parties, will be affected by changes
7 in the regulation of Churchill Falls water flow, as Section 3.1 of the Water
8 Management Agreement¹ prevents the agreement from adversely affecting a
9 provision of a contract for the supply of power and energy entered into prior to the
10 Water Management Agreement, or a renewal of that contract.

¹ Board Order PU 8 (2010)
