

1 Q. Consumer Question: Should power sales west occur after the project is in service,
2 will the ratepayers of Newfoundland be protected first with right of first refusal?

5 A. In its DG2 analysis Nalcor has assumed no other sales are taking place and therefore
6 no protection of first right of refusal is required. Any required protection for rate
7 payers with respect to supply will be addressed in the final commercial terms of the
8 PPA.
