

1 Q. Please provide a document that describes the Newfoundland Hydro and Nalcor
2 power system planning criteria.

3

4

5 A. The document “Newfoundland and Labrador Hydro 2009 Planning Criteria Review”
6 dated December 2009 (see Exhibit 42) provides a summary of the Newfoundland
7 and Labrador Hydro power system planning criteria for bulk transmission, radial
8 transmission, distribution, Island interconnected generation and isolated diesel
9 generation.
