

1 Q. What final or cut-off date was used for the selection of project components for the  
2 Project Design described in Exhibit 30?

3

4

5 A. The Basis of Design for Muskrat Falls and the Labrador-Island Transmission Link  
6 presented in Section 6 of Exhibit 30 was approved as of DG2 in the fall of 2010. This  
7 Basis of Design represents the input into the DG2 capital cost estimate.
