

1 **Re Page B-192:**

2 Q. Indicate what alternatives have been considered including personal pagers
3 or two-way radios for each person operating outside an office
4 environment at Holyrood.

5

6

7 A. Personal paging and two way radios were considered for persons operating
8 outside the office environment; however they were deemed to be unsuitable.
9 There are no other viable alternatives to provide the required degree
10 functionality while meeting the safety requirements of plant personnel.
