

1   **Re: Page B-41, Replace Unit 1 and 2 Condenser Valve Actuators, \$312,800**

2   Q.   How many lost time incidents and man hours lost have resulted in each year  
3       from 2002-2007 from the use of large butterfly valves associated with  
4       condensers?

5

6

7   A.   In 2005, there was one lost time incident arising from the operation of this  
8       equipment. It resulted in 12 man-hours lost time.

9

10       In 2007, there were 6 incidents but no lost time hours resulted.

11

12       In 2000, there were 2 lost time incidents that resulted in a total of 120 lost  
13       man-hours.
