

1 **Re: Page B-128, Replace Mufflers, \$479,200**

2 Q. Which environmental requirements make it necessary to replace the existing
3 carbon steel exhausts?

4

5

6 A. The stacks are not being replaced for environmental reasons, but for
7 maintenance reasons. The statement which was made related to
8 environmental requirements was meant to indicate that any potential
9 environmental requirements would be reviewed and incorporated into the
10 work.
