

1 Q. **Re Upgrade Burnt Dam Access Road, Phase 2, p. B-17.**

2 At p. B-18 it states that it takes personnel approximately two and one-half hours to
3 travel one way from Burnt Dam to Granite Canal, a distance of 48 kms (Tab 7, p. 1).
4 Will the road be improved to the standard of the main road into Granite Canal from
5 the Buchans Junction area?

6

7

8 A. The road will not be improved to the standard of the main road from Granite Canal
9 to Millertown. However, after completion of drainage and road topping, the travel
10 time is expected to be between one and one and one-half hours and vehicles will
11 experience less wear and tear.
