

1 Q. Re 2011 Capital Plan Section, pages 22 -23, "Holyrood Projects in a No Infeed

2 Scenario:

3 Other than the indication in the Province's Energy Plan that should the Lower
4 Churchill Project not be sanctioned, the emissions issues at the Holyrood
5 Generating Station would be improved by the installation of scrubbers and
6 precipitators, has Hydro received any direction from Government regarding Stack
7 Emissions Cleanup Equipment? If so, provide copies of all communications to and
8 from Hydro regarding such direction.

9

10

11 A. Hydro has not received any direction from Government regarding the installation of
12 Stack Emissions Cleanup Equipment for the Holyrood Thermal Generating Station,
13 other than that stated in the Energy Plan.
