7 A. This cost is not calculated but a high level budget number is considered to be  
8 adequate to address safety hazards as they are identified. This project does not  
9 relate to the items identified on p. C-205 since those items were identified as part  
10 of the 2008 Capital Plan, Safety Hazards Removal – Various Sites for \$252,000  
11 approved in Board Order No. P.U. 30 (2007).
