Subject: NLH - 2012 Capital Budget Application- Phase III Schedule Comments - IC

Dear Ms. Blundon,

Please excuse the relative informality of this email response, but I have reviewed the comments of Newfoundland Power on the Phase III schedule expressed in its letter to the Board of today's date, and I did not view it as necessary or useful to say anything more than that the Industrial Customers concur with the position expressed by Newfoundland Power.

Regards,

Paul L. Coxworthy
