

1 Q. **Re: Refurbishment of Marine Terminal at the Holyrood Thermal Generating**
2 **Station (Tab 3)**

3 At page B-79, reference is made to a 2004 Crotty Diving Services visual inspection of
4 each pile and anode on both the jetty head and shore arm. Have any updates to this
5 report or inspections been completed?
6
7

8 A. There has been no further action taken for the piles and anodes. Inspections of
9 each pile and anode will be completed in 2012 during the detailed design phase of
10 the work.
