

1 Q. **Re: HRD - Install Operator Training Simulator (Tab 5)**

2 Given the limited time line remaining for Holyrood, why was a cost benefit analysis  
3 not performed on this project?  
4

5

6 A. The justification for an Operator Training Simulator was made on the basis of  
7 providing an accelerated training program for new operators in light of concerns  
8 over losing operators to both retirements and new job opportunities in the last few  
9 years of plant service. Please also refer to response to P2-PUB-NLH-52.
