

1 Q. Has Nalcor been advised by any of its present complement of operators that he or
2 she would not be interested in continuing to work at Holyrood as an operator once
3 the facility goes into either back-up or synchronous condensing mode?

4

5

6 A. At this point in time, Nalcor has not been advised by its present complement of
7 operators that he or she would not be willing to work at Holyrood as an operator
8 once the facility goes into either backup or synchronous condensing mode.
