

1 Q. How many persons with credentials sufficient to join Hydro as a plant operator
2 graduate from Newfoundland and Labrador post secondary colleges on an annual
3 basis.

4
5
6 A. Graduates with the credentials to join Hydro plant operations come from the
7 College of North Atlantic with a three-year Mechanical Engineering Technology
8 Diploma and a Third Class Power Engineering Certification. In 2010, there were ten
9 out of 32 student graduates from this program with a Third Class Power Engineering
10 Certification.
