

1 Q. Referring to the same document in the previous question, as of June 3, 2011, there
2 are three (3) vacant positions outlined; one (1) in the Thermal Plant Operator
3 section and two (2) in the Lead Thermal Plant Operator section. How long have
4 these positions been vacant and explain the reason(s) for the vacancy. What steps
5 are Hydro taking to fill these vacancies?
6
7

8 A. Thermal Plant Operator position # 213-51 has been vacant since June 30, 2010
9 because of retirement.
10

11 The two Lead Thermal Plant Operators' positions (# 213-21 and # 213-36) have been
12 vacant since April 30, 2011 because of promotions due to retirement of Shift
13 Supervisors.
14

15 Hydro is taking the steps necessary to fill these vacancies through its regular
16 recruitment process.
