

1 Q. How many of the Thermal Plant Operators listed at page 14 of the Holyrood
2 Condition Assessment Technical Conference document are deemed fully trained
3 and able to operate the Holyrood Plant in synchronous condensing mode?

4

5

6 A. Twenty-four of the Thermal Plant Operators listed on page 14 of the Holyrood
7 Condition Assessment document are still with the Operator group today. Eight of
8 these Thermal Plant Operators are still on the training process and the remaining 16
9 are fully trained and able to operate the Holyrood plant in synchronous condenser
10 operation as of today.
