

1 Q. **Re: Project B-5 Unit 1 and Unit 2 Generator Stator Rewind**

2 When, respectively, are Units 1 and 2 scheduled to be converted to synchronous
3 condensing capability?

4

5

6 A. The conversion of Units 1 and 2 to add synchronous condensing capability to the
7 generating capability is tentatively envisioned to be completed during the summer
8 maintenance outages of 2016.
